

Introduction to Principles of Accounting

WHEN: Feb 21—March 15, 2012
(Tue & Thur)
6:30 to 8:00 PM

WHERE: Salmon Valley Business &
Innovation Center
803 Monroe St.

COST: \$75 (\$60 for the class and \$15
for materials)

REGISTRATION: To register call
208-756-1505 or visit www.svbic.com to
register online. Registration is due
February 10, 2012.

INSTRUCTOR:

Jerry Brown is a local resident who has taught accounting classes at both the high school and college level. He is retired and works part-time at a local accounting firm.

CLASS CONTENT:

The class is an introduction to contemporary financial accounting. It will cover basic terminology and concepts, the theoretical framework of double entry accounting and descriptions and origins of the primary financial statements prepared by accountants. *This class will not work with any accounting software, it is focused on accounting principles.* You will receive a workbook and this class will require students to do homework.
